

INFORMATION AT A GLANCE

South Metropolitan Region
Western Australia's Most Productive and Liveable Quarter

Message from the Chairperson of the South West Group

The South Metropolitan Region enjoys a strong stable economy linked with a quality lifestyle in a wide range of living opportunities. The lifestyle is also supported by recreation, education and cultural facilities that take advantage of the region's natural attributes.

The success of the region is based on its well educated, skilled population and the mix of high tech and world scale manufacturing industries supported by a strong service sector.

There will be massive investment in transport, manufacturing and health infrastructure in the next five years. This investment is not only in response to the sustained growth of the region but also based on the competitive advantages of the region.

I welcome you to consider joining us in discovering the attributes of Western Australia's most productive and dynamic region.

Barry Sammels

Chairperson South West Group
